

Viva Musica

Engage the Mind. Enrich the Soul.

2018-2019 Viva Musica Music/Art Program Grant Application

Viva Musica is 501(c)3 non-profit organization. We are the backbone of inspiration that sparks creativity and grows minds by providing the necessary tools and instruments for children's art and music education.

We are here to help Minnesota music or art teachers or programs in need. Whether it's equipment, supplies, instruments or tools, we can help! We offer a variety of grants ranging from \$5-\$50,000. You are invited to submit a 2-3 page application that addresses the following questions. Please be specific and include any quotes, links, pictures, or videos necessary. Good luck!

1. What does your school music or art program need? How much will it cost? What state art education mandates does this grant fulfill?
2. How would receiving this grant benefit the education of the students and follow VM's mission?
3. Who would benefit? What grade(s), how many students, which schools, districts, etc?
4. Why do you believe it is important for music and/or arts education to be taught in your Minnesota school system?
5. Include anything else you think we should know about your school, students, or programs.

Thank you so much for your interest in Viva Musica. We will contact you by phone or email if your grant is selected!

Please send application to: info@vivamusica.org

Thank you for applying!
